## MANAGEMENT DISCUSSION & ANALYSIS

Since its inception, Cords Cable Industries has diversified its business model and has shown significant presence in both the domestic as well as international markets, serviced largely the institutional segments and has catered both the private and public sector clients. The company continued to fine tune its production output to meet country's changing demands. The company met the demand for high-quality customized cables that included control, instrumentation, thermocouple cables and power cables. Specialty cables have emerged as a significant market on account of the growth in sophisticated applications in many vital sectors of the Indian as well as world economy.

### ECONOMIC OVERVIEW

#### **GLOBAL : Global growth will improve slightly, but continue at only a moderate level**

The global economy continued to expand at only a moderate estimated pace of 2.6 per cent in 2014. Recovery was hampered by some new challenges, including a number of unexpected shocks, such as the heightened geopolitical conflicts in different parts of the world. Most economies have seen a shift in gross domestic product (GDP) growth to a noticeably lower path compared to pre-crisis levels, raising the specter of longer-term mediocre economic growth. In the developed economies, although some improvements are forecast for 2015 and 2016, significant downside risks persist, especially in the euro area and Japan. Growth rates in developing countries and economies in transition have become more divergent during 2014, with a sharp deceleration in a number of large emerging economies, particularly in Latin America and the Commonwealth of Independent States (CIS). A number of these economies have encountered various country-specific challenges, including structural imbalances and geopolitical tensions. In the outlook period, the global economy is expected to expand at a slightly faster but still only moderate pace, with world gross product (WGP) projected to grow by 3.1 and 3.3 per cent in 2015 and 2016, respectively.

International trade and finance Primary commodity prices trend lower, while trade growth will increase slightly International prices of primary commodities have been on a downward trend in the past two years, and no measurable upturn is projected for 2015–2016. International prices of oil declined sharply in the second half of 2014 and are projected to continue softening in 2015–2016, as the growth of demand for oil is expected to remain weaker than the increase in supply of oil. Non-oil commodity prices have also been on a decreasing trend, although they still remain high relative to their long-term trend of the past decades. Trade growth has been sluggish in the past few years, due mainly to the slow and uneven recovery in major developed countries and the moderate growth in developing countries. World trade is estimated to have expanded by 3.4 per cent in 2014, still well below pre-crisis trends. In the forecast period, trade growth is expected to pick up moderately along with improvement in global output, with the volume of world imports of goods and services projected to grow by 4.7 per cent in 2015 and 5.0 per cent in 2016. However, this projection is subject to various risks, including the possible disruptive effects on trade flows of any increase in geopolitical tensions in some sub regions.

Net Private capital inflows to emerging economies have been on a moderate downturn since 2013, triggered by the tapering of the quantitative easing by the United States Federal Reserve, the deterioration in the growth prospects for these economies, and escalated geopolitical tensions. In 2014, net private inflows to this group of economies have declined, mainly because of capital flight from the Russian Federation amid a weakening economic situation and geopolitical strains. External borrowing costs continue to be relatively low for most emerging economies, but the risks for abrupt adjustments and increased volatility driven by changes in investor sentiment remain high. The outlook for capital inflows to emerging economies and developing countries remains moderately positive. Overall, net capital inflows

are projected to stay at the same level in 2015 and slightly increase in 2016. But sudden shifts in investor sentiment due to geopolitical crises, the monetary policy change in the United States of America and a further divergence of the monetary policy stances of the major central banks might significantly affect portfolio flows. The divergence of monetary policy stances has already contributed to a significant strengthening of the dollar in the second half of 2014; a continuation of this trend could also underpin shifts in international trade patterns.

**INDIA** : The Indian Economy has overcome varied challenges in its resolve to sustain its economic success. The major challenges faced by Indian Economy are unsupportive external environment, domestic structural constraints, growth slowdown and inflationary pressure. The Economy has recorded a GDP growth of 7.8% for the fiscal year 2015-2016. The industry sector is estimated to grow by 6.5% in 2015-2016 and the service sector by 10.3%.

According to Economic Outlook Survey, inflation is expected to ease somewhat compared to last year and the annual average CPI inflation rate is projected at 7.8% in financial year 2015. Further, the macroeconomic fundamentals are gradually strengthening and the overall health of the economy is set to improve going ahead. The confidence amongst investors is slowly returning and going ahead the momentum on implementation will build up.

Manufacturing sector has been one of the weakest links in India's growth story. The share of the sector in Indian's GDP has been around 15% on an average for almost three decades now. While the sector has merited attention in the government policies over the years, once again it was clearly highlighted that the government should seek to get the basics right to assure a more conducive environment for manufacturing activities, thereby focusing on to realise the vision of "Make in India", inviting companies to come and invest in India.

For the Indian Economy, the outlook for the growth and price stability at this juncture looks more promising. There are signs from some high frequency indicators that the weakness in economic activity has bottomed out and a gradual upswing is imminent. With the change in Government, there is widespread optimism with regards to economic revival, with forecast for a discernible impact being felt only by 2015-2016.

## **INDUSTRY SCENARIO**

Wire and Cable industry's fate is closely linked to that of the industrial growth in general. Cables are crucial infrastructure backbone of an economy - the critical elements that wire up the length and breadth of the country. With the green shoots visible in with the expectation of a stable pro-reform, growth focused government at the centre and as per the indications available, the growth is expected to pick up slowly in the later part of the financial year provided improved governance and concerted action to resolve structural bottlenecks are effectively in place. Demand for cables is expected to improve further with the improvement in industrial growth. The Indian Wire and Cable industry offers lucrative scope for stable revenue streams to manufacturers of both specialised cables and power cables. The prospects of the Wire and Cable industry are interlinked with the health of other industries viz: power, telecom, railways, real estate, steel, cement, refineries, infrastructure etc., government's procurement policies, strategic diversifications and switching over to integrated manufacturing. With the growth of other related industries, the Indian Wire and Cable industry is indeed bound to grow & prosper.

## **OPPORTUNITIES IN VARIOUS SECTORS**

Cable and wire industry has established itself as one of the backbones of modern information age. The

increasing importance for power, light and communication has kept demand high for wire and cable. This trend will continue as demand for reliable, efficient energy and data communications will strengthen the wire and cable industry. Cables play a small but significant part in infrastructure activities. With strong investments proposed across sectors such as power, realty, industrial and telecom the cable industry in India is slated for a strong growth going forward.

Apart from the above, Government impetus in refineries, ports, airport modernization, power and fertilizers will offer a boost to the wire and cable industry as almost all manufacturing companies need cables. Robust industrialization and growing urbanization are also one of the important drivers identified. Auto sector and railways are the other important sectors consuming wires and cables on a large scale. Additionally, growth will be fuelled by urbanization as cables and wires will be required in buildings and offices.

### **POWER**

The power sector provides one of the most important inputs for the development of a country. Power sector is the biggest driver in the mainstay of cable demand, accounting for more than three-quarters of the market. Power is the core industry as it facilitates development in various sectors of the Indian Economy like agriculture, manufacturing, railways etc. It is considered that the growth of the economy is expected to boost the electricity demand in future. Also, there is a strong correlation between the GDP growth and increase in power generation capacity of an economy.

During the Period under review, India achieves lowest ever power deficit in India's history – 3.6%, highest ever power capacity addition – 22,566 MW, highest ever increase in transmission line capacity – 22,100 circuit kilometres, highest ever increase in sub-station capacity – 66,554 MVA and highest ever coal production increase by Coal India – 32 million tons. Also power generation growth was highest in 20 years – 8.4%, coal production growth highest in 23 years – 8.3% and solar capacity increased by 42%.

Ministry of Power has approved the National Mission on Enhanced Energy Efficiency (NMEEE) in August 2014 with an outlay of Rs.775 crore. NMEEE covers - Perform, Achieve and Trade framework for energy efficiency in industrial units; Venture Capital Fund and Partial Risk Guarantee Fund for funding energy efficiency projects; and Super Efficient Electrical Appliances (SEEP).

(Source: <http://pib.nic.in/newsite/PrintRelease.aspx?relid=114146>)

**The positive trend in the power sector is one of the most important catalysts for the wire and cable industry. Cables play a crucial part in all the three aspects of the power sector - generation, transmission and distribution. Therefore, the trend of wire and cable industry is to some extent dependent upon the power sector.**

### **REAL ESTATE SECTOR**

The Indian real estate sector is one of the most globally recognised sectors. In the country, it is the second largest employer after agriculture and is slated to grow at 30 per cent over the next decade. It comprises four sub sectors - housing, retail, hospitality, and commercial. The growth of this sector is well complemented by the growth of the corporate environment and the demand for office space as well as urban and semi-urban accommodations.

Foreign investors have bought tenanted office space worth over US\$ 2 billion in India in 2014, a four-fold rise compared to the previous year, in order to increase their rent-yielding commercial assets in Asia's third largest economy. The Government of India has relaxed the norms to allow foreign direct

investment (FDI) in the construction development sector. This move should boost affordable housing projects and smart cities across the country.

The Government of India has allocated US\$ 1.3 billion for Rural Housing Fund in the Union Budget 2014-15. It has also allocated US\$ 0.7 billion for National Housing Bank (NHB) to increase the flow of cheaper credit for affordable housing for urban poor.

**Growth in the real estate sector is essential to the wires and cable industry.**

### **AIRPORT MODERNIZATION**

Aviation is one of the most important industry for the Nation. It connects India's vast geography more time-efficiently than any other mode of transport. The vision of India becoming the third largest aviation market by 2020, India's aviation sector is witnessing a steady growth where domestic passenger traffic handled at Indian airports stood at 122.43 million in 2013-14 as compared to 116.37 million in 2012-13. The growth in international passenger traffic at Indian airports increased to 46.62 million in 2013-14 as compared to 43.03 million, witnessing a growth of 8.34%.

Airport Authority of India (AAI) has identified Surat airport and 28 other metro and non-metro airports in the country for modernization. This would motivate domestic and global airlines to start operations from these airports to newer destinations thus helping improve air connectivity. The Government of India has decided to award airports in Kolkata, Chennai, Jaipur and Ahmedabad on management contract. The Airports Authority of India (AAI) has issued 'Request for Qualification' document for these four airports.

(Source: <http://www.ibef.org/industry/indian-aviation.aspx>)

**Increased activity in Airport modernization shall add to the demand for specialized cables.**

### **RAILWAYS (including Metro-rails)**

The Indian Railways' contribution to national integration has been unparalleled. It connects industrial production centres with markets and with sources of raw materials and facilitates industrial development and link agricultural production centres with distant markets. It provides rapid, reliable and cost-effective bulk transportation to the energy sector, to move coal from the coal fields to power plants and petroleum products from refineries to consumption centres. It links places, enabling large-scale, rapid and low-cost movement of people across the length and breadth of the country.

Vision 2020 addresses another major development challenge, which is both national and global in nature, namely, reducing hazardous carbon emissions that have triggered climate change. So far, there has been inadequate recognition of the Railways' contribution towards India's climate protection efforts

Vision 2020 addresses one of the biggest development challenges of contemporary India, namely, Growth with Jobs and not Jobless Growth. Vision 2020 aims at considerably enhancing the Indian Railways' contribution to the national goal of achieving double-digit GDP growth rate on a sustainable basis.

Some of the major goals set for 2020 in the document include:

- (a) Establish quality of service benchmarked to the best of the railway systems in the world;
- (b) Target to achieve Zero accidents;
- (c) Target to achieve Zero failures in equipments;

- (d) Utilize at least 10% of its energy requirement from renewable sources;
- (e) Institute a foolproof eco-friendly waste management system;
- (f) Complete 4 high speed corridors of (2000 kms) and plan development of 8 others.

**METRO-RAIL:**

Metro-rail in India has become a boon for citizens. Commuting has been made easier for passengers and traffic jams reduced. Delhi metro became India's first modern metro and third rapid transit system in India overall. The Union urban development ministry has decided to consider the proposal for Metro in Tier II cities like Lucknow, Kanpur, Patna, Jaipur, Ahmedabad, Pune, Surat, Indore, Nagpur, Kochi, Coimbatore, Kozhikode. The Metro fever is catching up in smaller cities, thanks largely to the success of Delhi Metro. Cities like Chandigarh, Ludhiana and Bhopal are making a case for Metro, even though they don't qualify because of the population cut-off.

Some of the upcoming metro projects are:

**NMRC, Noida's own metro rail company**

NMRC will be responsible for the development of metro rail projects in Noida, Greater Noida and Yamuna Expressway similar to DMRC. The decision to form a separate entity was taken in order to decrease the burden of metro projects on DMRC and expedite the work of metro projects in Noida, Greater Noida and Yamuna Expressway.

**DELHI – GHAZIABAD metro route**

The Delhi-Ghaziabad metro stretch will have a total of seven stations – Shaheed Nagar, Rajbagh, Rajendra Nagar, Shyam Park, Mohan Nagar, Arthala and New Bus Stand. The corridor is expected to be completed within 3 years from now, by June 2017.

**Delhi Metro Extension Work to Meerut, Panipat & Alwar**

Metro network in the last five years has already been extended to the NCR region in the cities including Noida, Gurgaon, and Ghaziabad and the construction work is in progress in Faridabad which is expected to be completed by the end of year 2014.

Recently the 21 kilometer metro rail project in Greater Noida from zero point of Yamuna Expressway on Noida-Greater Noida expressway was also approved by the Yamuna Expressway Authority.

According to the NCR Planning board sources, these upcoming metro projects will not only reduce road congestion and accidents but also offer smooth transportation.

**Metro Rail Project in Greater Noida Approved by Yamuna Expressway Authority**

The proposed metro rail project between the Pari Chowk and Sector 18 and 20 has been approved by the Yamuna Expressway Authority. Sector 18 and 20 are the first residential sectors being developed by the authorities where 21000 allotments have already been done.

**Lucknow Metro:** Lucknow Metro Rail Corporation will first construct a fully elevated 8 kilometer track between Transport Nagar and Charbagh. 8 Platforms will be built in this route. A committee has also been formed by the UP Government to cater the needs of land acquisition for Lucknow Metro. According to the officials, the work for land acquisition has already begun and the layout plan for the acquisition will be prepared in next 10 days.

**MMRDA to Bring New Suburban Trains in Next One Year**

The Mumbai Metropolitan Region Development Authority (MMRDA) has allocated Rs.4,240.78 crore budget for the FY 2014-15 to focus on new infrastructure projects which includes bringing new suburban trains, metro project, flyovers, development of new road network and maintenance of old ones.

### **GURGAON-MANESAR-BAWAL METRO PROJECT**

The 108 kilometer long **Gurgaon-Manesar-Bawal metro project** will soon see the light of the day when Japan International Cooperation Agency will start survey work in September, 2014.

The total estimated cost of the project is Rs 27,411 crore out of which Japan would provide cheaper loan of Rs 23,217.80 crore at the rate of 0.5 percent while the rest of the cost (Rs 4,193.20 crore) would be spent jointly by DMICDC and the HMRTC.

The ground work on **Gurgaon-Manesar-Bawal metro project** will begin in 2015 and expected to be completed in 4 years. As many as 50 metro stations will be constructed in the 108 KM long route of the project. HMRTC is already working on a few metro projects in the state including 14 K.M extension from Badarpur Border to YMCA Chowk which is expected to be completed by September 2014 at a cost of Rs 2,454 crore.

### **YMCA to Ballabgarh extension project:**

The 564 crore metro rail extension project from YMCA to Ballabgarh is set to be completed by March 2017. The YMCA to Ballabgarh extension project will provide easy connectivity of Ballabgarh to Faridabad, Delhi and Noida.

The construction work on the project will begin soon and the 564 crore Metro Rail project from YMCA to Ballabgarh would be completed by March 2017.

This metro line will have two metro stations, one at Ballabgarh itself and another at NCB (National Council for Cement and Building Material) colony. The extension work of Badarpur-YMCA metro is in the last phase of development.

(Source: <http://www.masterplansindia.com/metro-rail>)

**Thus, Ministry's Vision 2020 coupled with an enormous potential for demand for cables in the various Rail Projects shall boost the demand for special cables.**

### **HYDROCARBONS:**

**OIL AND GAS:** India produced 37.5 million tonnes of crude oil during 2014-15. Two-thirds of the oil produced in India's is drilled from offshore fields. Onshore oil is mainly produced in Assam and Gujarat. Indian Oil, India's second largest oil refining company, is ranked 19th globally. India exported over 59 MMT of petroleum products valued at Rs 1.96 trillion. India's oil refining capacity amounted to 215 MMTA (Million Metric Tonne Per Annum) in Apr 2014 placing India in the fifth position in the world after the United States, China, Russia and Japan. Total refined crude output was 223 million tons in 2014-15, ie over 100% of installed annual capacity.

**CBM:** India produced 33.66 billion cubic meters of natural gas in 2014-15, much of which was onshore. New gas field discoveries along the eastern coast of India could mark a significant increase in gas production and distribution. Cross-country gas pipelines are being planned and Reliance eg has applied for gas distribution licenses in 100 cities for the supply of gas to consumers. An estimated 650 bn cubic meters of gas reserves of ONGC and Reliance Industries lie untapped in the Krishna-Godavari basin.

**SHALE GAS:** Shale gas is natural gas produced from shale, a type of sedimentary rock. Shale gas has become an increasingly important source of natural gas in the United States over the past decade, and

interest has spread to potential gas shales in Canada, Europe, Asia, and Australia. One analyst expects shale gas to supply as much as half the natural gas production in North America by 2020. Many countries have expressed environmental concerns which have led to restrictions on hydraulic fracturing to produce shale gas or oil. Although the shale gas potential of many nations is being studied, as of 2013, only the US, Canada, Mexico and China produce shale gas in commercial quantities, and only the US and Canada have significant shale gas production. A multi-organizational team of the Director General Hydrocarbons (DGH), Oil and Natural Gas Corporation (ONGC), Oil India Limited (OIL), Gas Authority of India Limited (GAIL) has been formed by the government to examine the existing data set and suggest a methodology for shale gas development in India.

**REFINING:** India is emerging as a refinery hub as the last decade showed a tremendous growth in the refining sector. India has 17 public sector refineries and five refineries in the private sector/or as a joint venture, the largest refineries being RIL Jamnagar (Gujarat), RPL Jamnagar (Gujarat), MRPL Mangalore (Karnataka), CPCL Manali (Chennai, Tamil Nadu) and IOC Koyali (Gujarat). Three new refineries have been proposed for implementation at Paradip (Orissa), Bina (Madhya Pradesh) and Bhatinda (Punjab). In the 12th Five year plan period 50 million tonne will be added to the total refining capacity of India through capacity expansion projects of existing units. While new refinery units, which are expected to come up in the near future, will add up to 90.5 million tonne to India's total refining capacity.

**Company is actively supplying cables to the Hydrocarbon sector & the impetus on the above shall boost the demand for cables.**

**With strong investments proposed across sectors, the cable industry in India is slated for a strong growth going forward.**

## **RISKS AND CONCERNS**

**Liquidity Risk:** liquidity risk is the risk that a given security or asset cannot be traded quickly enough in the market to prevent a loss. All businesses need to manage liquidity risk to ensure that they remain solvent. The company manages the liquidity risk through prudent resource planning to ensure the availability of adequate funds at all times to meet its obligations on its liabilities as well as disbursement on due dates.

**Finance Cost Risk:** Finance Cost risk arises due to payment of high rate of interest on term loans and other funds & non fund based facilities being availed by the company from banks and other financial institutions. The company tries to minimize this risk by keeping a check on the interest rates charged by various banks and by swapping its long term/short term loans with banks charging lesser interest rates.

**Raw Material Availability and Price Fluctuations:** Scarce availability and price-volatility in Company's Basic Raw Materials - Copper, Aluminium, Steel, and PVC etc. can severely impact the profits of the Company. To mitigate these risks, the Company inculcates MOUs with its suppliers, price escalation clauses for large orders and hedges these raw-materials on the commodity exchange.

**Foreign Exchange Risk:** Foreign exchange risk is a financial risk posed by an exposure to unanticipated changes in the exchange rate between two currencies. Company imports a part of its raw materials and is also engaged in export of its products. To mitigate this risk, the company resorts to forward booking where deemed appropriate.

**Human Resource Risk:** In the absence of quality human resources, the company may not be able to execute its growth plans. To mitigate this risk, the company places due importance to its human capital assets and invests in building and nurturing a strong talented pool to gain strategic edge and achieve operational excellence in all its goals.

**FINANCIAL REVIEW**

(INR in Lacs)

**Results of Operations**

During the year under review, Net Sales from Operations stood at Rs. 26502.70 Lacs, as against Rs. 26299.24 Lacs in FY'14.

The Operational Profit, before making provision for Interest, Depreciation and Amortization, stood at Rs. 2728.47 Lacs for FY'15 as against Rs. 2581.43 Lacs in FY'14. Thereby, the Profit After Tax during the year stood at Rs. 270.20 Lacs, as against Rs. 203.45 Lacs in the previous Financial Year' 14.

Major reason for earning inadequate profits in the year had been the inability of the company in producing the desirable projected volumes in the fiscal due to which its revenues saw a growth of just under 1% in FY'14-15.

Your Company has been earning profits in its operations since inception. However, the overall economy as a whole affected the profitability of the Company. Also, general worldwide economic slowdown had also adversely resulted in inadequate profits during the financial year 2014-15. During past few years due to overall adverse economic environment around the country, the investments in new projects were put on hold by most of the companies. The increase in the net sales was not at par with the expectations marginally due to lower realizations, delayed and slow pick-up of the finished goods by the customers and consequently the profits were further impacted. Nevertheless since your Company is engaged in cable manufacturing products used in projects hence demand is likely to increase significantly as Government of India has focused again on infra projects and approvals and investments in new projects will entail higher turnover of the Company which will ultimately increase the profitability of the Company. Also, your company has been continuously working upon achieving better efficiencies, cutting costs at every stage of production, better preventive maintenance, making product mix having higher contribution and achieving higher production so that your company can achieve the scale of economy and maintain higher margin of profit. Expectation of your company in terms of increase in its profits is in line with the increase in its activity and market penetration in the potentially improving macroeconomic scenario in the country. Further, interest rates are likely to soften in near future and your company is expected to save significantly on its interest outgoes. Additionally, with the ongoing repayment of term loans availed for project financing, your company is expected to save on its financial expenses.

**SEGMENTAL OVERVIEW**

The company operates under a single product segment i.e. Cables. The company mainly focuses on specialized cables which differentiates it from other cable players in the country.

**INTERNAL CONTROL SYSTEM**

The system of Internal Control provides for maintenance of proper accounting records, reliability of financial

information and assures its operations are effective and efficient, and its activities comply with applicable laws and regulations. The internal audit is carried out by an independent firm of Chartered Accountants and covers all the key areas of the company's business.

### **INDUSTRIAL RELATIONS AND HUMAN CAPITAL**

The Company strives to provide the best working environment with ample opportunities to grow and explore. The Company maintained healthy, cordial and harmonious industrial relations at all levels throughout the year. Every initiative and policy of the Company takes care of welfare of all its employees. The human resource development function of the Company is guided by a strong set of values and policies.

### **FUTURE OUTLOOK**

The vision of CORDS is to be recognized as a leading global player, providing products and services, offering comprehensive solutions to the electrical and data connectivity requirements of businesses as well as household users. It focuses on capturing new markets by developing customers in new and existing territories, to provide new cables for special applications like solar, marine, low temperature cables, cables for automobiles etc.

### **CAUTIONARY STATEMENT**

Statement made in this report in describing the company's objectives, estimates and expectations are "Forward looking Statement" within the meaning of applicable laws and regulations. They are based on certain assumptions and expectations of future events but the company, however, cannot guarantee that these assumptions are accurate or will be materialized by the company. Actual results may vary from those expressed or implied, depending upon the economic conditions, Government policies and/or other related factors.

## DIRECTORS' REPORT

To,

Dear Members,

Your Directors have pleasure in presenting the 24th Annual Report of your company together with the audited statement of accounts for financial year ended March 31, 2015.

### COMPANY'S PERFORMANCE/STATE OF COMPANY'S AFFAIRS

During the year under review, your company's total revenue stood at Rs. 26694.16 lacs as against Rs. 26484.77 lacs in the previous year. Your Company earned profit before interest, tax and depreciation of Rs. 2919.94 lacs as against a PBITDA of Rs. 2766.96 lacs in the previous year. The interest cost was Rs. 1998.68 lac as against Rs. 1965.92 lacs in the previous year.

Your company earned profit after tax for the year of Rs. 270.20 lacs as against a PAT of Rs. 203.45 lacs earned in the previous year. Even though your company witnessed a jump in its Profits in FY'14-15 vis-a-vis FY'13-14, yet your company earned inadequate profits in the fiscal in respect of the remuneration payable to its managerial person(s). Major reason for earning inadequate profits in the year had been the inability of the company in producing the desirable projected volumes in the fiscal due to which its revenues saw a growth of just under 1% in FY'14-15.

Your Company has been earning profits in its operations since inception. However, the overall economy as a whole affected the profitability of the Company. Also, general worldwide economic slowdown had also adversely resulted in inadequate profits during the financial year 2014-15. During past few years due to overall adverse economic environment around the country, the investments in new projects were put on hold by most of the companies. The increase in the net sales was not at par with the expectations marginally due to lower realizations, delayed and slow pick-up of the finished goods by the customers

and consequently the profits were further impacted. Nevertheless since your Company is engaged in cable manufacturing products used in projects hence demand is likely to increase significantly as Government of India has focused again on infra projects and approvals and investments in new projects will entail higher turnover of the Company which will ultimately increase the profitability of the Company. Also, your company has been continuously working upon achieving better efficiencies, cutting costs at every stage of production, better preventive maintenance, making product mix having higher contribution and achieving higher production so that your company can achieve the scale of economy and maintain higher margin of profit. Expectation of your company in terms of increase in its profits is in line with the increase in its activity and market penetration in the potentially improving macroeconomic scenario in the country. Further, interest rates are likely to soften in near future and your company is expected to save significantly on its interest outgoes. Additionally, with the ongoing repayment of term loans availed for project financing, your company is expected to save on its financial expenses.

**Newly added prestigious export/domestic clients**

No major push in project implementation and new projects in the country were witnessed in the FY 2014-15 and thus as such there may have not been any major impact on the order booking and execution for cable industry per-se in the FY 2014-15.

However, your company, being a leading manufacturer of Control and Instrumentation cables in the country has been sailing well through a very competitive market and has been successful in achieving sales revenue of over Rs. 265 crore with a profit after tax of over Rs. 270 lacs as for FY'14-15.

Your company has also been successful in booking orders from new EPC contractors like Bombardier, Welspun, GE, ABB Global, Alstom Transport etc. and has also been able to maintain sustainable order booking and sales revenues from existing customers like L&T, Siemens, EIL, NTPC, BHEL etc.

Your Company is also envisaging developing projects for use in freight corridor, smart city, railway signalling and protection system and infrastructure projects.

**SECRETARIAL AUDIT REPORT**

For the financial year ended 31st March, 2015

To,

**The Members**

**CORDS CABLE INDUSTRIES LIMITED**

Our Secretarial Audit Report of even date is to be read along with this letter:

1. Secretarial Audit is primarily audit of compliance of various provisions of Companies Act, 2013 and other laws as mentioned in the audit report. Audit is conducted for transactions taking place during financial year 2014-15 and it should not be considered audit for any previous period. The compliance of the provisions of Companies Act, 2013 and other laws as mentioned in the report is the responsibility of the management. Our examination was limited to the verification of procedures on test basis.

Further, it is not about audit of financials and accounting transactions of the Company. We have not verified the correctness and appropriateness of financial records, financial statements, books of accounts, other financials, compliances of income tax and other tax laws and in this regard we relied upon the audit done by statutory auditors of the Company.

2. In terms of Secretarial Standard on Meeting of the Board of Directors issued by The Institute of Company Secretaries of India company is required to pass resolution at the Board meeting specifying the list of laws applicable specifically to the company.

The list of laws specifically applicable to the company as mentioned at Para (VI) of the report is based on the resolution passed by the Board on 30.05.2015.

3. Maintenance of secretarial record and its safe custody is the responsibility of the Company Secretary and other officers of the company. Our responsibility is to express an opinion on these secretarial records based on our audit.
4. We have followed the audit practices and processes as were appropriate to obtain reasonable assurance about the correctness of the contents of the secretarial record required to be maintained

under the Companies Act, 2013. The verification was done on test basis to ensure that correct facts are reflected in such records in order to form a reasonable view and opinion.

5. In case compliances of various statutory provisions we have also obtained management representation letter especially for transactions where it is not feasible as an auditor to form view and opinion regarding compliance of various provisions.
6. The Secretarial Audit report is neither an assurance as to the future viability of the company nor of the efficacy or effectiveness with which the management has conducted the affairs of the Company. Any person entering into transactions with the company should separately verify about the affairs of the company before such transaction keeping in view the nature of such transaction to be entered into with the Company.
7. Secretarial Standards issued by The Institute of Company Secretaries of India were not applicable during financial year under review.

**CORPORATE GOVERNANCE COMPLIANCE CERTIFICATE**

To,  
The Members of Cords Cable Industries Limited  
We have examined the compliance of conditions of Corporate Governance by **CORDS CABLE INDUSTRIES LIMITED**, for the year ended on **31st March 2015**, as stipulated in Clause 49 of the Listing Agreement of the said Company with stock exchanges.

The compliance of conditions of Corporate Governance is the responsibility of the Management. Our examination has been limited to a review of the procedures and implementation thereof adopted by the Company for ensuring compliance with the conditions of the Corporate Governance as stipulated in the said Clause. It is neither an audit nor an expression of opinion on the financial statements of the Company. In our opinion and to the best of our information and according to the explanations given to us and based on the representations made by the Directors and the Management, we certify that the Company has complied with the all the mandatory conditions of Corporate Governance as stipulated in Clause 49 of the above-mentioned Listing Agreement except few instances where compliances were made after statutory time provided for that purpose which includes delay in appointment of woman director and submission of reconciliation of share capital audit.

We state that such compliance is neither an assurance as to future viability of the Company nor of the efficiency or effectiveness with which the management has conducted the affairs of the Company.

## INDEPENDENT AUDITOR'S REPORT

### To the Members of CORDS CABLE INDUSTRIES LTD.

#### 1. Report on the Financial Statements

We have audited the accompanying financial statements of CORDS CABLE INDUSTRIES LTD. ("the Company"), which comprise the Balance Sheet as at March 31, 2015, and the Statement of Profit & Loss, and the Cash Flow Statement for the year ended, and a summary of significant accounting policies and other explanatory information.

#### 2. Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

#### 3. Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made there under.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on whether the Company has in place an adequate internal financial controls system over financial reporting and the operating effectiveness of such controls.

An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by Company's Directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

#### **4. Opinion**

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March 2015 and its Statement of Profit & Loss, and its Cash Flows for the year ended on that date.

#### **5. Report on Other legal and Regulatory Requirements**

- i) As required by the Companies (Auditor's Report) Order, 2015 ("the Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the Annexure a statement on the matters specified in paragraphs 3 and 4 of the order to the extent applicable.
- ii) As required by section 143(3) of the Act, we report that:
  - a) we have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;
  - b) in our opinion proper books of account as required by law have been kept by the Company so far as appears from our examination of those books;
  - c) the Balance Sheet, the Statement of Profit & Loss, and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.
  - d) in our opinion, the aforesaid financial statements comply with the Accounting Standards under Section 133 of the Act, read the Rule 7 of the Companies (Accounts) Rule, 2014;
  - e) on the basis of written representations received from the directors as on March 31, 2015 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2015, from being appointed as a director in terms of Section 164 (2) of the Act.
  - f) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
    - i. The Company has pending litigations of Rs. 10.78 crore with revenue authorities, however it would not impact its financial position;
    - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;

**NOTES ON THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2015****1. Company Overview**

Cords Cable Industries Limited ("the Company") was incorporated on October 21, 1991 as "Private Limited" and it was later converted into "Public Limited" on May 10, 2006. The Company manufactured or developed a wide range of specialized cables to address the specific requirements of industries involving modern process technologies, instrumentation & communication demanding the highest standards of precisions and reliability with assured quality and safety standards.

**2. Basis of Financial Statements****i) Statement of Compliance**

The financial Statements are prepared under the historical cost convention on an accrual basis, in accordance with the generally accepted accounting principals in India and compliance with the applicable accounting standards as notified under the Companies (Accounts) Rules, 2014. All assets and liabilities have been classified as set out in Schedule III to Companies Act, 2013.

**ii) Use of Estimates**

The presentation of financial statements conformity with the generally accepted accounting principals requires estimates and assumptions to be made that affect the reported amount of assets and liabilities and disclosure of contingent liabilities as on date of the financial statements and the reported amount of revenue and expenses during the reporting year. Differences between the actual results and estimates are recognized in the year in which the results are known or materialized.

**3. SIGNIFICANT ACCOUNTING POLICIES****i) Basis of Accounting**

The financial statements are prepared under the historical cost convention on an accrual basis and in accordance with Generally Accepted Accounting Principals (GAAP) in India and Accounting Standards (AS) as notified by the Companies (Accounts) Rules, 2014. All assets and liabilities have been classified as criteria set out in Schedule III to Companies Act, 2013.

**ii) Fixed Assets****a) Tangible Assets**

Tangible Assets are stated at their original cost. Cost includes acquisition price, attributable expenses and pre-operational expenses including finance charges, wherever applicable.

**b) Capital Work in Progress**

All pre-operative expenditure & trial run expenditure are accumulated as Capital Work-in-progress and is allocated to the relevant fixed assets on a pro-rata / reasonable basis depending on the prime cost of assets.

**c) Expenditure (including financing cost relating to borrowed funds for construction or acquisition of fixed assets) incurred on project till date of commencement of commercial production are capitalized****iii) Depreciation**

a) Depreciation on Fixed Assets is provided in accordance with the useful life as specified in Part C of Schedule II to the Companies Act, 2013.

b) Depreciation is not recorded on capital work-in-progress until that asset is ready for its intended use.

c) Lease hold lands are not depreciated.

d) Individual assets costing upto Rs.5000/- per item are fully write off in the year of purchase

**iv) Impairment of Assets**

The Company assesses at each reporting date whether there is any indication that an asset may be impaired. If any such indication exists, the Company estimates the recoverable amount of the asset. The recoverable amount is higher of, an asset's net selling price and its value in use. If such recoverable amount of the asset or the recoverable amount of the cash generating unit to which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and is recognized in the Statement of Profit and Loss. If at the reporting date there is an indication that if a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the asset is reflected at the recoverable amount and Impairment Losses previously recognized are accordingly reversed.

**v) Inventories**

- a) Inventories (other than scrap) are valued at lower of cost or net realisable value. The cost of inventories is computed on a FIFO basis. The cost of Finished Goods and work-in-progress include cost of conversion and other cost incurred in bringing the inventories to their present location and condition. Excise duty & Cess is included in finished goods valuation.
- b) Scrap is valued at net realizable value.

**vi) Revenue Recognition**

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the company and the revenue can be reliably measured. The following specific recognition criteria must also be met before revenue is recognized:

- a) Revenue from sale of goods is recognized when all the significant risks and rewards of ownership of the goods have been passed to the buyer, usually on delivery of goods. The company collects all relevant applicable taxes like sales taxes, value added taxes (VAT) etc. on behalf of the government and, therefore, these are not economic benefits flowing to the company. Hence, they are excluded from revenue. Gross turnover is net of sales tax and inclusive of excise duty & cess.
- b) All other income are accounted for on accrual basis.
- c) Profit on sale of investments is recognized on the date of the transaction of sale and is computed as excess of sale proceeds over its carrying amount as at the date of sale.

**vii) Employee Benefits**

The Company's contribution to Provident Fund and Employee State Insurance Schemes is charged to the Profit and Loss account. The Company has unfunded defined benefit plans namely leave encashment and gratuity for its employees, the liability for which is determined on the basis of actuarial valuation, conducted annually, by an independent actuary, in accordance with Accounting Standard 15 (Revised 2005) – "Employee Benefits", notified under the Companies (Accounts) Rules, 2014. Actuarial gains and losses are recognized in Profit and Loss account as income or expenses. Employee benefits of short term nature are recognized as expenses as and when it accrues.

**viii) Borrowing Costs**

Borrowing costs that are attributable to the acquisition or construction of qualifying assets are capitalized as part of the cost of such assets. A qualifying asset is one that necessarily takes a substantial period of time to get ready for intended use. All other borrowing costs are charged to revenue.

**ix) Foreign Currency Transactions**

- a) Transactions in Foreign Currency are initially recorded at the exchange rate at which the transaction is carried out.

- b) Monetary Assets and Liabilities related to foreign currency transactions remaining outstanding at the year end and translated at the year end rate. The effect of Exchange rate fluctuations in respect of Monetary Assets is taken to Profit & Loss Account.
  - c) Exchange differences on conversion of year-end foreign currency balances pertaining to long term loans (ECB) for acquiring fixed assets including capital work in progress are adjusted in the carrying cost of these assets.
  - d) Non monetary foreign currency items are carried at cost.
- x) Government Grants**
- An appropriate amount in respect of subsidy benefits earned estimated on prudent basis is credited to income for the period even though the actual amount of such benefits finally settled and received after the end of relevant accounting period. Government grant relating to fixed assets is adjusted with related asset.
- xi) Taxes on Income**
- a) Tax expense comprises of current tax and deferred tax.
  - b) The Provision for taxation is ascertained on the basis of assessable profits computed in accordance with the provision of the Income Tax Act 1961. Deferred tax is recognized, subject to the consideration of prudence on timing differences, being the difference between taxable income and accounting income that originate in one period and are capable of reversal in one or more subsequent periods.
  - c) Minimum Alternative Tax (MAT) credit is recognized as an asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the specified period. In the year in which MAT credit becomes eligible to be recognized as an asset in accordance with the recommendations by the Institute of Chartered Accountants of India, the said asset is created by way of credit to the profit and loss account and shown as MAT credit entitlement.
- xii) Financial Derivatives and Commodity Hedging Transactions**
- In respect of derivatives contracts, premium paid, gains/losses on settlement and losses on restatement are recognized in the Profit & Loss account except in case where they relate to acquisition or construction of fixed assets, in which case, they are adjusted to the carrying cost of such assets.
- xiii) Provision, Contingent Liabilities and Contingent Assets**
- Provisions are recognized only when there is a present obligation, as a result of past events, and when a reliable estimate of the amount of obligation can be made.
- xiv) Contingent liability is disclosed for:**
- a) Possible obligations which will be confirmed only by future events not wholly within the control of the Company or,
  - b) Present obligations arising from past events where it is not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount of the obligation cannot be made.
  - c) Contingent Assets are not recognized in the financial statements since this may result in the recognition of income which may never be realized.
- xv) Earning Per Share**
- Basic Earnings per Equity Share is computed using the weighted average number of equity shares outstanding during the year. Diluted Earnings per Equity Share is computed using the weighted average number of equity and dilutive potential equity shares outstanding during the year.

**35. BASIC AND DILUTED EARNINGS PER SHARE :**

The basic earnings per equity share is computed by dividing the net profit attributable to equity shareholders for the year by the weighted average number of equity shares outstanding during the year. Diluted earnings per share are computed using the weighted average number of equity shares and also the weighted average number of equity shares that could have been issued on the conversion of all dilutive potential equity shares. The dilutive potential equity shares are adjusted for the proceeds receivable, had the shares been actually issued at fair value.

Dilutive potential equity shares are deemed converted as of the beginning of the year, unless they have been issued at a later date. The number of equity shares and potential diluted equity shares are adjusted for stock split, bonus shares, Convertible Preference Shares, Share Warrants and the potential dilutive effect of Employee Stock Option Plan as appropriate.

Basic & Diluted Earnings per share of the company is as under:
