- The above results have been reviewed by the Audit Committee and approved by the Board of Directors of Som Datt Finance Corporation Limited ("the Company") at their respective meetings held on November 12, 2025, and are subjected to audit by the statutory auditors. 2. These financial results have been prepared in accordance with the recognition and measurement principles of Indian
- Accounting Standards ("Ind AS") prescribed under Section 133 of the Companies Act, 2013 read with the relevant rules issued thereunder and the other accounting principles generally accepted in India and in accordance with the circulars, guidelines and directions issued by the Reserve Bank of India ("RBI") from time to time The Company is engaged primarily in NBFC business. The operations of the Company fall under 'financing and investment activities' which is considered to be the only reportable segment in accordance with the provisions of Ind AS 108, 'Operating
- Segments'. The Company operates in a single geographical segment, i.e., 'domestic' The figures for the second quarter (Q2) ended September 30, 2025, and the comparative Q2 ended September 30, 2024, are balancing figures derived from the difference between the respective half-year results (unaudited) and the corresponding first
- quarter results (unaudited and previously published). All results for the stated quarters and half-years ended September 30, 2025, and September 30, 2024, were subjected to a limited review by the Statutory Auditors. Figures for the previous quarters/periods have been regrouped/reclassified, wherever necessary, to correspond with the
- current period's classifications/disclosures. There may be minor rounding-off variances as figures are converted into lakhs. The Company has pledged certain of its investment securities with a large financial institution to avail a Loan Against
- Securities facility. The aggregate carrying value of the pledged securities was ₹905.69 lakhs as on September 30, 2025. The Company successfully concluded its Rights Issue, a strategic initiative to augment its capital base. The Rights Issue, which opened on June 20, 2025, and closed on July 04, 2025, involved the issuance of 70,05,579 fully paid-up equity shares at a price of ₹70 per share (including a premium of ₹60 per share), resulting in a capital infusion of ₹4,903.91 lakhs. The issue garnered overwhelming participation from investors and was oversubscribed by more than 123%. The process of allotment and credit of Rights Equity Shares to the demat accounts of the respective investors has been completed successfully. BSE Limited has granted approval for the listing and trading of the Rights Equity Shares from July 21, 2025.
- The Company commenced its lending operations during the current financial year (i.e. from June 2025). Loans disbursed during the half-year have been recognised at their disbursed value. Given the limited scale of operations and the immaterial impact of applying the effective interest rate (EIR) method during the interim period, the loans have been carried at their nominal amounts. The Company shall measure these loans at amortised cost using the EIR method as at March 31, 2026, in accordance with Ind AS 109 - Financial Instruments, and any cumulative impact arising from such measurement will be appropriately recognised in the annual financial statements

- 1. The above results have been reviewed by the Audit Committee and approved by the Board of Directors of Som Datt Finance Corporation Limited ("the Company") at their respective meetings held on November 12, 2025, and are subjected to audit by the statutory auditors. 2. These financial results have been prepared in accordance with the recognition and measurement principles of Indian
- Accounting Standards ("Ind AS") prescribed under Section 133 of the Companies Act, 2013 read with the relevant rules issued thereunder and the other accounting principles generally accepted in India and in accordance with the circulars, guidelines and directions issued by the Reserve Bank of India ("RBI") from time to time The Company is engaged primarily in NBFC business. The operations of the Company fall under 'financing and investment activities' which is considered to be the only reportable segment in accordance with the provisions of Ind AS 108, 'Operating
- Segments'. The Company operates in a single geographical segment, i.e., 'domestic' The figures for the second quarter (Q2) ended September 30, 2025, and the comparative Q2 ended September 30, 2024, are balancing figures derived from the difference between the respective half-year results (unaudited) and the corresponding first
- quarter results (unaudited and previously published). All results for the stated quarters and half-years ended September 30, 2025, and September 30, 2024, were subjected to a limited review by the Statutory Auditors.
- Figures for the previous quarters/periods have been regrouped/reclassified, wherever necessary, to correspond with the current period's classifications/disclosures. There may be minor rounding-off variances as figures are converted into lakhs. The Company has pledged certain of its investment securities with a large financial institution to avail a Loan Against
- Securities facility. The aggregate carrying value of the pledged securities was ₹905.69 lakhs as on September 30, 2025. The Company successfully concluded its Rights Issue, a strategic initiative to augment its capital base. The Rights Issue, which opened on June 20, 2025, and closed on July 04, 2025, involved the issuance of 70,05,579 fully paid-up equity shares at a price of ₹70 per share (including a premium of ₹60 per share), resulting in a capital infusion of ₹4,903.91 lakhs. The issue garnered overwhelming participation from investors and was oversubscribed by more than 123%. The process of allotment and credit of Rights Equity Shares to the demat accounts of the respective investors has been completed successfully. BSE Limited has granted approval for the listing and trading of the Rights Equity Shares from July 21, 2025.
- The Company commenced its lending operations during the current financial year (i.e. from June 2025). Loans disbursed during the half-year have been recognised at their disbursed value. Given the limited scale of operations and the immaterial impact of applying the effective interest rate (EIR) method during the interim period, the loans have been carried at their nominal amounts. The Company shall measure these loans at amortised cost using the EIR method as at March 31, 2026, in accordance with Ind AS 109 - Financial Instruments, and any cumulative impact arising from such measurement will be appropriately recognised in the annual financial statements
